

affirmative

got consent?

“Informed, freely and affirmatively communicated willingness to participate in sexual activity that is expressed by clear and unambiguous words or actions.”

COMMON QUESTIONS:

What if we've been drinking?

A person who is incapacitated is unable to give consent. It is best to engage in sexual activity when you and your partner are sober.

Do we need to sign a contract?

No. Getting consent is meant to be a conversation where people enthusiastically agree upon sexual activity.
